

September, 2023

Dear Prospective Member,

I'm honored to represent Marquette and McGregor as Executive Director of their Chamber of Commerce. Personally, I love the gritty style and unique character that can be found in this community. Our non-profit organization unifies our public spirit, pools resources, promotes economic development and works for the success and prosperity of our area, unrestricted by city or state boundaries.

We invite you to consider becoming a member for our 2024 calendar year. We offer memberships to both businesses and individuals with our calendar year for dues running from October to October. This organization understands that promotion has no limits and inclusively works towards the success of our entire region.

We are made up of small businesses for the most part and live in a rural community. Together we can get through all of the challenges put before us. Our events, partnerships and resources are designed to serve our members and increase quality of life for everyone. These things could not be carried out without your support and participation. We look forward to serving you and working as your advocate.

With this introductory letter, please find more information on why you should become a member and how membership dollars are utilized. Take a look through our website, [www.mcgreg-marq.org](http://www.mcgreg-marq.org). You may sign up for membership there under the membership tab or by completing and returning the enclosed application form.

The future is full of opportunities. We're excited about what lies ahead for McGregor and Marquette and are ready to work hard on your behalf.

Sincerely,

Mary Willie, Executive Director  
PO Box 105 146 Main St.  
McGregor, IA 52157  
(563) 873-2186
